OUR MISSION

Every human is unique - so are our
personal watercrafts.

OUR IDENTITY

BELASSI

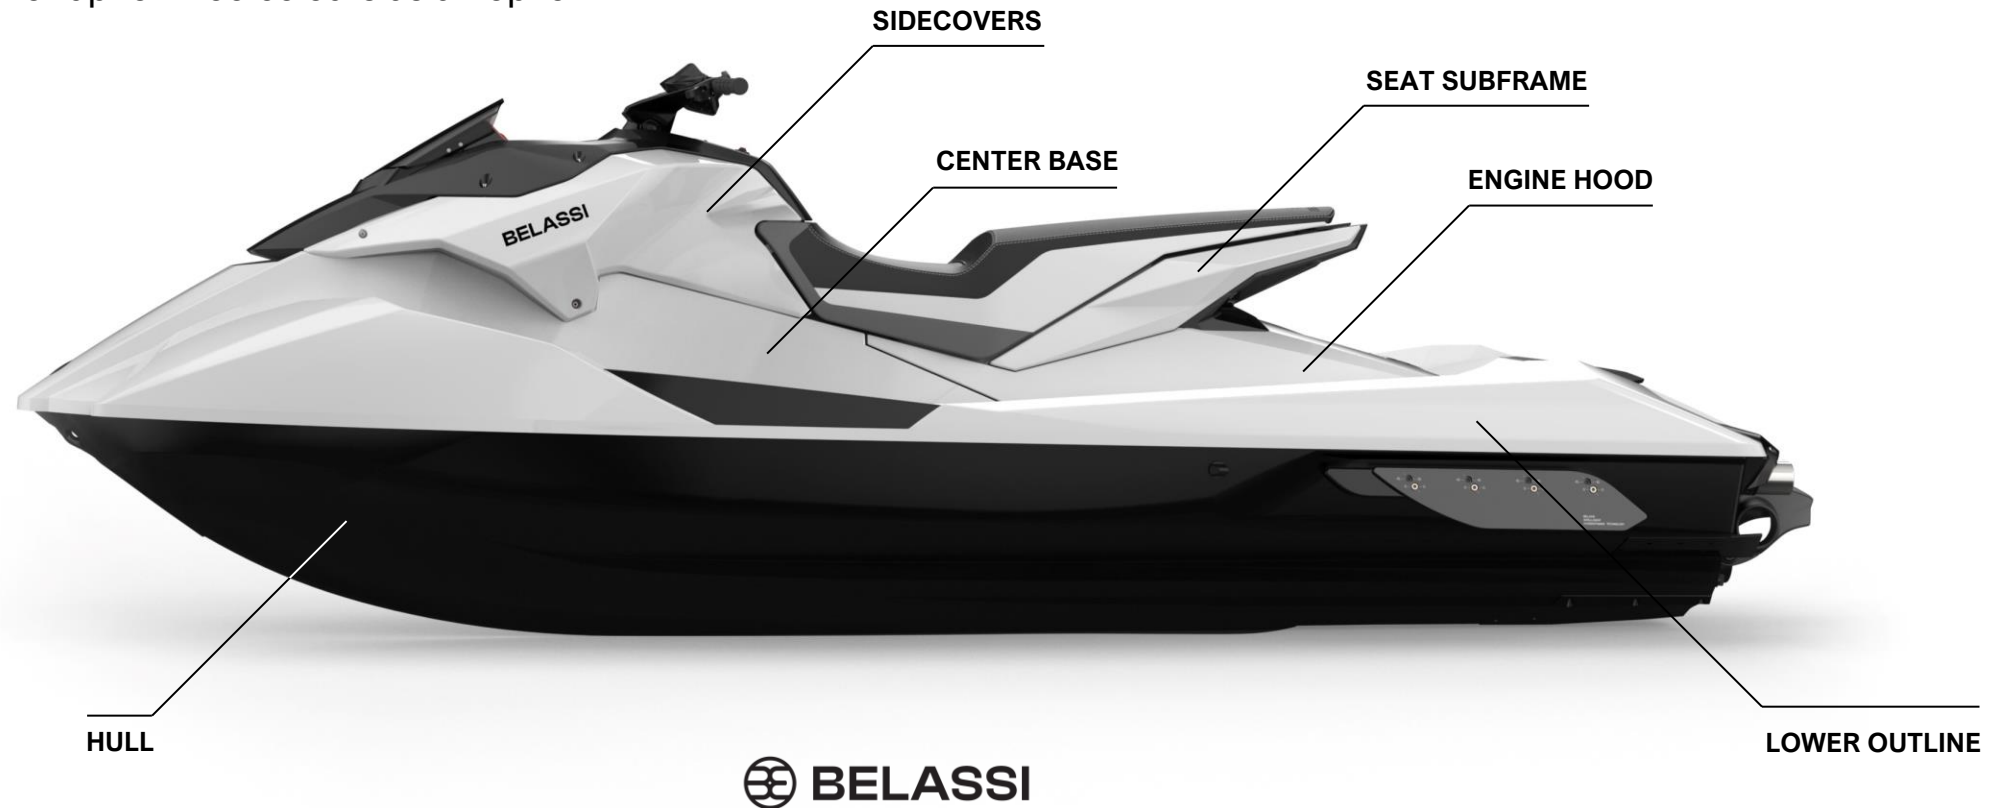

We combine the passion of every single mechanic and engineer around us to create unique quality in every detail. And to live up to this claim, every single part is tested and assembled by human hands.

This is the only way we can create technology that transcends the limits of man and machine. The first Marine Hypercraft.

PARTS OVERVIEW

All surfaces of our Marine Hypercraft can be painted and customised according to your wishes. As a rule, we can offer up to three colours as an option.

COLOUR SPLITS

MONO-COLOUR

DUAL-COLOUR

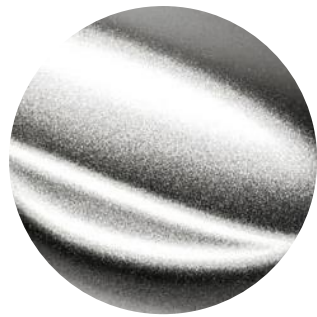

TRIPLE-COLOUR

THREE MAIN OPTIONS

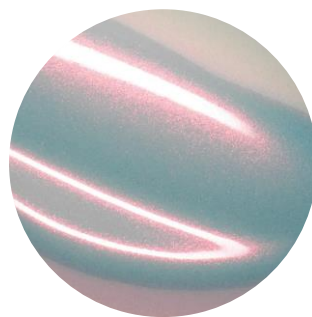

We offer a very wide variety of colours, divided in three different categories and each it can be produced in matt, satin or glossy effect.

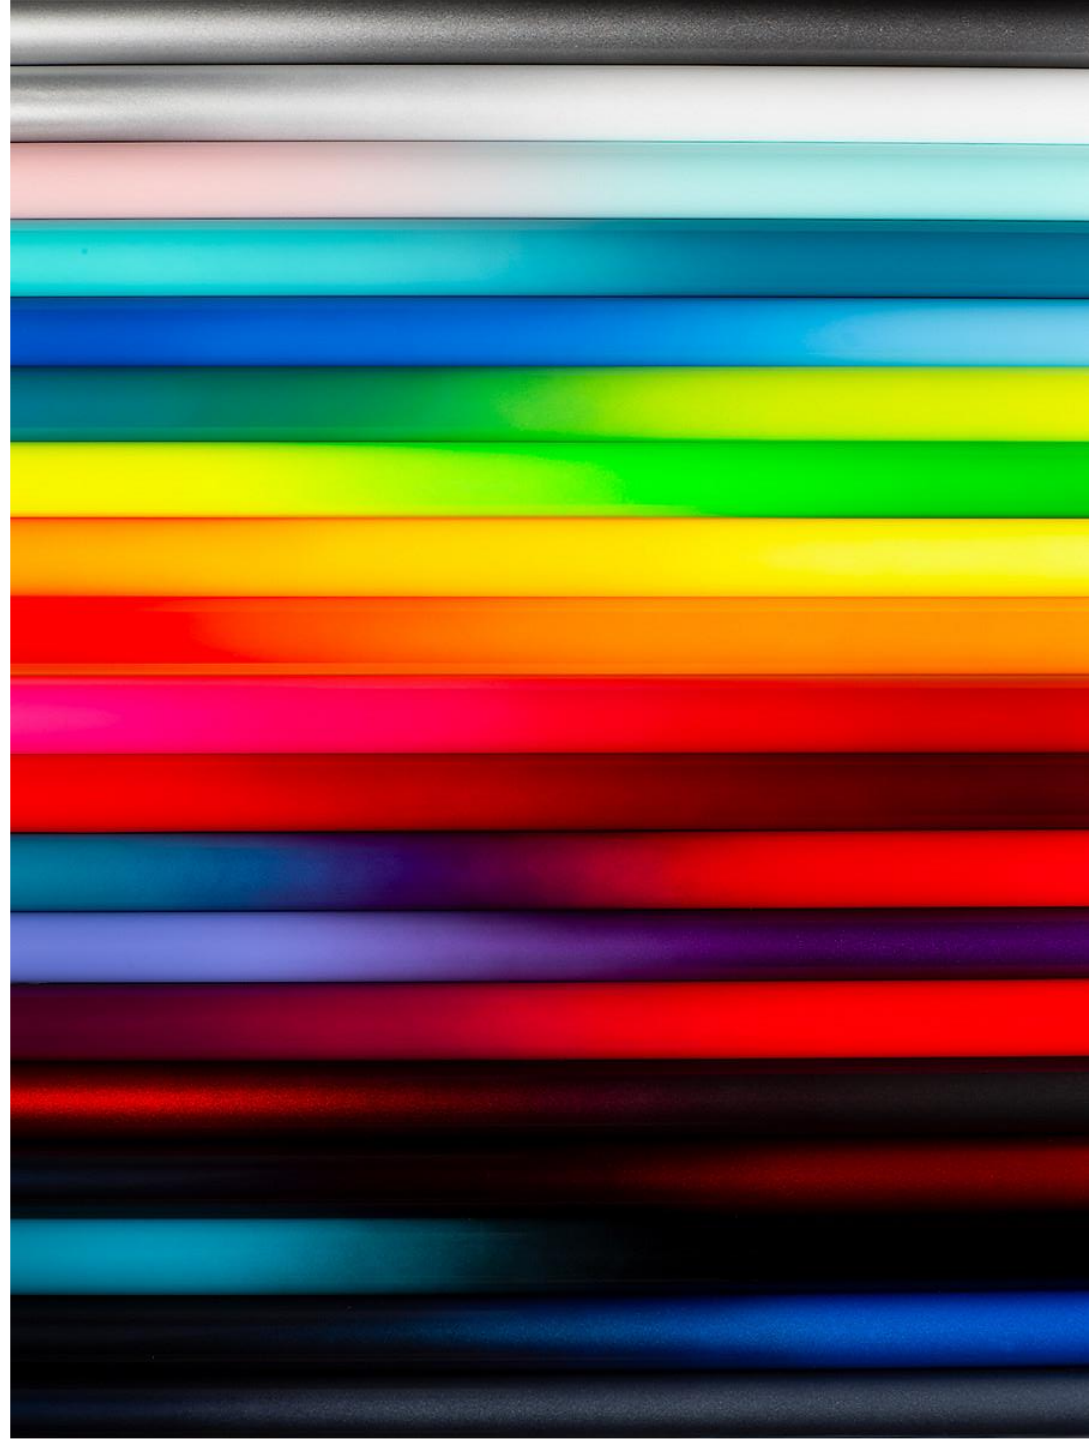

SOLID

METALLIC

PEARLESCENT

CUSTOM COLOUR

MAKE YOUR OWN COLOR

Did you know that there are around 10 million colour combinations that our eyes can recognise and, that we can reproduce them all?

Do you want to stand out even more, or do you want a colour that matches a particular object?

Let's create it!

COLOUR SPLITS

FULL INDIVIDUAL DECALS

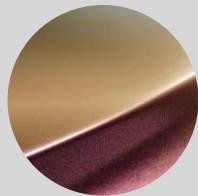

All decals can be produced in any desired colour. In addition, it is also possible to configure each decal, turn it into a contour or use a reflective or pearl effect.

DEEP SPACE

PSYCHEDELIC

VOLCANIC

GHOST

PADS

SAFETY MEETS AESTHETIC

The pads not only provide good comfort while riding, but also prevent certain surfaces from becoming slippery when wet, so why not add a touch of customisation?

POSSIBLE FINISHES

DIAMOND

A-CROSS

EMBOSSED

X DIAMOND

HONEYCOMB

LINES

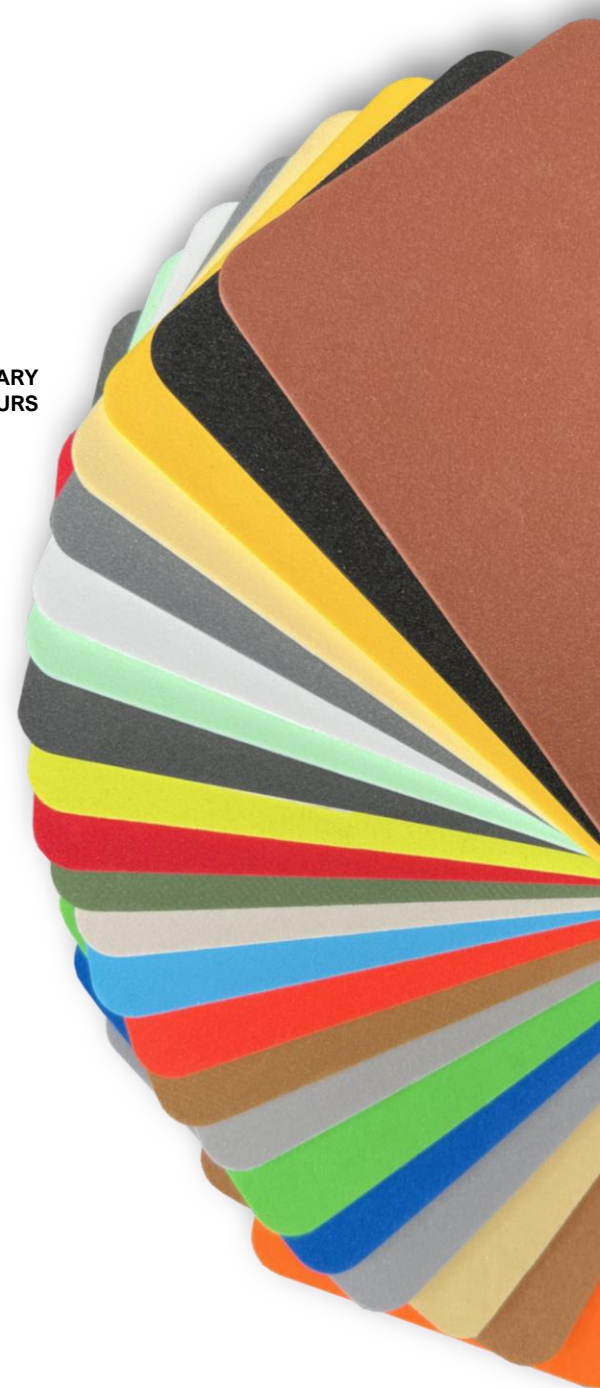

CHECK MATE

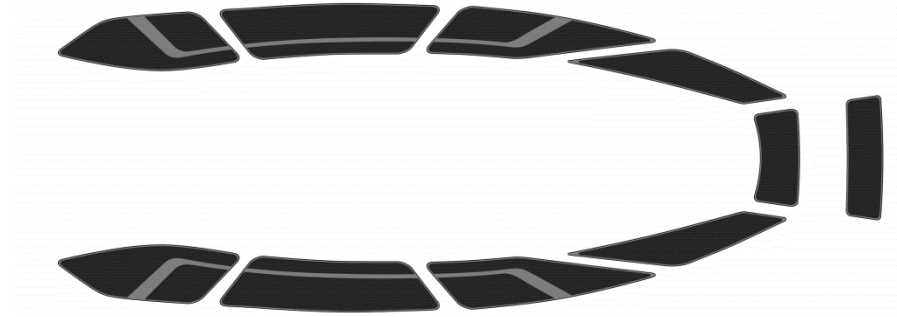

BRUSHED

PRIMARY COLOURS

CUSTOM DESIGN

It is also possible to combine some surfaces and create some unique designs or patterns.

PADS BRANDING

CUSTOM PADS

You can apply any graphics, symbols or text to the pads. These are milled out and offer a 3D effect.

INDIVIDUAL DESIGN

 BELASSI

BRINGING THE MATERIALS TO THE NEXT LEVEL

When it comes to customisation, some parts can be made with either Twill Wave or Forged Carbon. The possibilities are endless, especially when it comes to creating your own customised Forged Carbon, overall you can customise the carbon look on these three parts of the Burrasca:

EXHAUST COVER

SEAT SUBFRAME

DECK SIDE COVER

TWILL WAVE

FORGED

INDIVIDUAL FORGED

UPHOLSTERY

The craftsmanship does not end with the engine or the body of the Burrasca, but continues with the seat, which is cut, manufactured and sewn by hand in Austria.

***HIGH
QUALITY MARINE
FABRICS***

SEAT CUSTOMISATION

MARINE FABRICS

There are no limits to your imagination, together with our team you can discover different upholstery options and choose from more than 50+ colours.

The stitching can also be either contrasting or monochrome with the chosen material.

INDIVIDUAL
SEAM STRUCTURES

COATINGS

EXHAUST SYSTEM

Belassi coatings are durable, corrosion resistant and offer unrivalled levels of hardness and adhesion. These coatings are also resistant to most solvents and chemicals. All RAL colours are available, in either matt or gloss.

 **BELASSI**

COATINGS

FLAPS

What applies to the exhaust system also applies to the flaps, which can be customised in all RAL colours and only with a matt finish.
